## EXERCICE 4 — DATATION D'EDIFICES REGIONAUX

Les édifices présentés ci-après sont situés dans la région Centre,  
le plus souvent en val de Loire ou de Cher

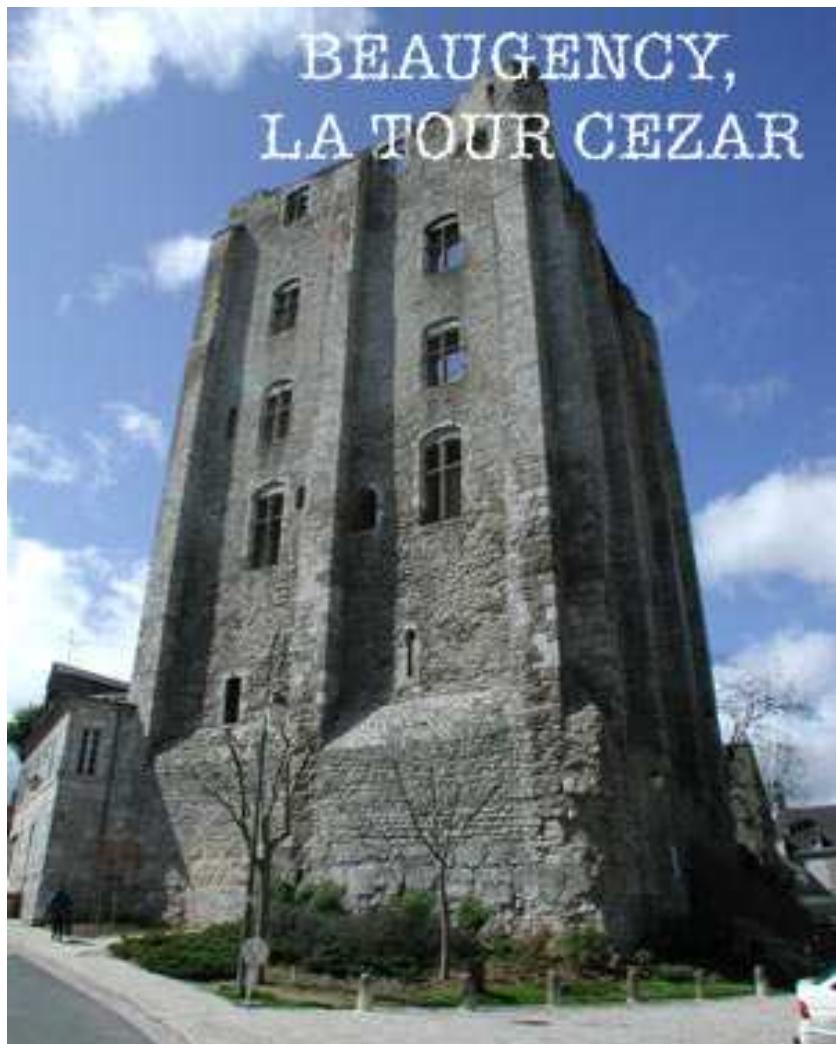

- Essayez de situer chaque édifice (carolingien, pré-roman, roman)
- Le cas échéant, essayez même de proposer une datation encore plus précise ou de retrouver son histoire (différentes parties édifiées à des époques différentes)
- Essayez de trouver les multiples influences du roman régional (voire de les catégoriser) au vu de ces exemples
